

### **Desert Bush Tracker Identikit**

The Aboriginal People of Central Australia  
Parks and Wildlife Commission of the  
Northern Territory, 1995

- Pocket-sized identification tool
- Bursting with information on Central Australian plants
- Each plant discussed provides info on Derivation of name, Description, Ecology, Uses, a chart indicating flowering and fruiting times, and Notes.

### **Pocket Bushtucker**

Peter Latz  
IAD Press

- Pocket version of Bushfires and Bushtucker which was a very important source on plants used by our nursery in planning the Rec Centre Garden and also relied heavily upon in producing the Guides Handbook
- Introduction provides useful information on plants used for food
- Divided into groups of plants e.g. grasses and sedges, herbs, shrubs, etc.
- Each entry covers name, description, habitat, and uses

### **Remnants of Gondwana**

Ed. By R. Kitching, R. Braithwaite and J.  
Cavanaugh  
Surrey Beatty & Sons Pty Ltd

- A natural and social history of the Gondwana rainforests of Australia
- Part 1 Parks and Reserves in the Gondwana Rainforests
- Part 2 The Natural Environment.
- Part 3 The Human Footprint
- Beautifully produced with many colour photos, high detail, and history.
- A book to dip into depending on your interest at the time.
- Probably covers all most people would want to know

### **Fruits of the Australian Tropical Rainforest**
